

## I. DISPOSICIONES XERAIS

### MINISTERIO DE XUSTIZA

**2307** *Real decreto 195/2017, do 3 de marzo, polo que se modifica a demarcación dos rexistros da propiedade, mercantís e de bens mobles.*

A disposición derradeira terceira do Real decreto 172/2007, do 9 de febreiro, polo que se modifica a demarcación dos rexistros da propiedade, mercantís e de bens mobles, ordena ao Ministerio de Xustiza, a través da Dirección Xeral dos Rexistros e do Notariado, que elabore no prazo máximo de cinco anos a partir da entrada en vigor desta norma os estudos necesarios para modificar a demarcación rexistral, nos supostos e condicións previstos no artigo 275 da Lei hipotecaria. O dito precepto fixa como criterio determinante da nova planta rexistral a conveniencia imposta polo servizo público, atendidos o volume e o movemento da titulación sobre bens inmobles e dereitos reais. Este criterio, trasposto ao ámbito dos rexistros mercantís conforme o establecido no artigo 80 do Regulamento do Rexistro Mercantil, aprobado mediante o Real decreto 1784/1996, do 19 de xullo, tradúcese no volume e movemento da titulación xestionada teoricamente por cada rexistrador mercantil.

No seu cumprimento, a Dirección Xeral dos Rexistros e do Notariado solicitou dos rexistros da propiedade, mercantís e de bens mobles as estatísticas e enquisas precisas para os efectos de confeccionar no prazo indicado os estudos a que se refire o punto precedente e diso conclúese a necesidade de modificar a vixente demarcación rexistral, levada a cabo mediante o Real decreto 172/2007, do 9 de febreiro, considerándose precisa a súa adecuación á realidade da actividade do mercado inmobiliario, mercantil e de bens mobles actual, para o cal se buscaron novas fórmulas de organización rexistral que permitan a máis correcta adecuación ás necesidades que demanda nestes momentos a prestación do dito servizo.

Polo tanto, a demarcación rexistral que se aproba mediante este real decreto ten como obxectivo final adecuar as condicións da prestación do servizo ás demandas actuais da sociedade, como garantía da seguridade xurídica preventiva das operacións que se realicen, o que, pola súa vez, comporta a necesidade de acometer medidas de reordenación do propio corpo de rexistradores da propiedade, mercantís e de bens mobles coa finalidade da prestación máis efectiva e eficiente do servizo público rexistral que lle corresponde.

En consecuencia, partindo do propósito de mellorar a prestación do servizo público rexistral que reciben os cidadáns, modifícase a demarcación rexistral que para a súa plena efectividade debe ir acompañada das actuacións precisas que permitan levar a cabo o debido reaxuste do número de rexistradores que desempeñan as súas funcións en rexistros da propiedade, mercantís e de bens mobles, en atención á situación económica actual do país e ás previsións de próxima evolución.

Así mesmo, signifícase que os criterios xerais que se establecen de demarcación rexistral teñen como fin velar pola accesibilidade dos cidadáns aos servizos rexistrais en condicións de igualdade en todo o territorio nacional.

En relación con iso, e polo que se refire aos rexistros da propiedade, resulta preciso destacar que, en atención a que unha parte das oficinas rexistrais establecidas mediante o Real decreto 172/2007, do 9 de febreiro, non foron efectivamente creadas, e a que algunhas creadas resultaron inviables para se manteren como independentes, cómpre modificar a demarcación rexistral coa finalidade de operar a súa reagrupación para optimizar a súa eficiencia. Así mesmo, é preciso atender a necesidade de amortización dos rexistros historicamente considerados como incongruos, a cal se leva a cabo mediante a súa agrupación co rexistro máis próximo para seren desempeñados ambos por un só rexistrador, tendo en conta que nas localidades correspondentes á capitalidade de rexistros

que quedan agrupados con outros situados en diferente localidade, a agrupación producida é estritamente funcional, posto que as oficinas xa existentes se manteñen abertas ao público para todas as operacións que lle son propias. Dito doutro xeito, non hai ningunha capitalidade con rexistro actualmente establecido que, como consecuencia da presente demarcación, quede sen el.

Por outra parte, establécense modificacións en certos distritos hipotecarios determinadas pola aplicación do principio territorial. En concreto, a do ámbito de Balmaseda e Villarcayo ten como obxecto dar cumprimento á proposición non de lei aprobada polo Congreso dos Deputados con data do 18 de xuño de 2013, que propuña o traslado do territorio correspondente ao Valle de Mena de acordo co principio de demarcación provincial. A do termo municipal de Madrid e Rivas Vaciamadrid implica incorporar á demarcación rexistral a alteración no termo municipal de Madrid acordada mediante o Decreto 67/2006, do 2 de agosto, do Consello de Goberno da Comunidade de Madrid. A de Segorbe e Liria obedece tamén ao criterio de demarcación provincial. A dos distritos de Estepona número 2 e Ronda, por razón da localización e proximidade dos termos municipais afectados. A modificación relativa ao termo municipal de Torremontalbo xustifícase na segregación deste levada a cabo mediante a Lei 3/2010, do 10 de marzo, da Comunidade Autónoma de La Rioja. A do concello de Grado obedece á necesidade de unificar hipotecariamente o distrito ao cal pertence a totalidade do dito concello. Contéñense precisións chamadas a solucionar un problema que historicamente se revelara na zona de San Cristóbal de la Laguna, El Rosario e Santa Cruz de Tenerife e que conta co informe favorable do Decanato Territorial de Rexistradores de Tenerife. Sepárase definitivamente o Rexistro da Propiedade de Sevilla número 1 dos rexistros mercantís e de bens mobles desta cidade. Neste último caso, de acordo co establecido pola Comunidade Autónoma de Andalucía, con competencia executiva en materia de demarcación, esta separación non se debe facer de maneira inmediata e debe demorarse ata o día 21 de novembro de 2017.

Polo que se refire aos rexistros mercantís e de bens mobles, signifícase que a determinación do número de rexistradores que deberán estar a cargo de cada rexistro mercantil e de bens mobles se realiza conforme o disposto nos artigos 14.1 e 16 do Regulamento do Rexistro Mercantil e obedece á busca dunha maior precisión na fórmula da dita determinación que permita axustar esta á necesidade do servizo, á súa eficacia e á súa eficiencia.

Para iso pártese de considerar, tomando por base o artigo 275 da Lei hipotecaria, criterios similares aos fixados para os rexistros da propiedade, o que obriga a aterse non só ao número de depósitos de contas senón ao número total de documentos xestionados –xerais, especiais (nomeamento de expertos independentes, auditores e legalizacións de libros), depósitos de contas e bens mobles– en cada rexistro mercantil.

Na determinación dos criterios que se van seguir, considérase necesario acadar o equilibrio apropiado entre a eficiencia dos rexistros e a garantía máxima do control de legalidade realizado polo rexistrador, o que supón considerar un número ponderado de asuntos que correspondan a cada rexistrador mercantil. Para estes efectos, tomouse como referencia de media de documentos dos rexistros mercantís unipersoais a cantidade de 22.500 documentos por ano, cifra que a partir dos indicadores actuais de calidade dispoñibles na Dirección Xeral dos Rexistros e do Notariado se considera que é o número mínimo de asuntos que de maneira eficiente pode levar a cabo un rexistrador mercantil dedicado en exclusiva a iso.

En atención ao exposto, resulta que a aplicación do presente real decreto no ámbito dos rexistros mercantís, a diferenza do que sucede no ámbito dos rexistros da propiedade, supón a necesidade de dotar un maior número de prazas, para o cal se procede a levar a cabo unha reasignación de rexistradores a estas, considerando o carácter único do corpo de rexistradores da propiedade, mercantís e de bens mobles, para que adecuadamente se atendan as novas funcións atribuídas aos rexistradores mercantís, en cumprimento da normativa vixente, en relación co código LEI, coa legalización dos libros de empresarios en formato electrónico, co nomeamento de auditores e expertos independentes en relación cos acordos de refinanciamento, co nomeamento de mediadores concursais en acordos

extraxudiciais de pagamentos, coas solicitudes de auditor, cos expedientes de redución de capital en caso de alleamento de participacións e convocatoria de xuntas de sociedades de capital.

Conforme iso, e unha vez fixado o número global de prazas de rexistrador que debe atender os rexistros mercantís e de bens mobles, segundo o disposto no artigo 4, e tendo en consideración que a agrupación vixente entre rexistros mercantís e rexistros de bens mobles ten carácter transitorio, segundo o establecido na disposición transitoria única do Real decreto 1828/1999, do 3 de decembro, polo que se aproba o Regulamento do rexistro de condicións xerais de contratación, no artigo 5 segréganse os rexistros de bens mobles que se considera que teñen un volume suficiente para manter existencia autónoma, para o cal se atende á cifra total media de 30.000 documentos xestionados en relación concreta co rexistro de bens mobles, cifra que, pola súa vez, serve de denominador para determinar o número de prazas de rexistrador que deberán desempeñar estes rexistros. O anexo V detalla os rexistros afectados por este precepto, especificando cales son as prazas de rexistrador mercantil que quedan e cales as de rexistrador de bens mobles que se crean. Na disposición transitoria primeira determínase que a segregación dos rexistros de bens mobles será funcional, sen que poida dar lugar a un incremento dos custos operativos correspondentes, e confíreselles dereito de opción preferente aos rexistradores actualmente a cargo destes rexistros para que poidan elixir entre un ou outro dos rexistros afectados pola segregación antes de incluír as sobrantes no correspondente concurso ordinario.

Respecto da parte final do real decreto, cómpre destacar as seguintes disposicións: a disposición adicional primeira, que se refire ás oficinas rexistrais de atención ao usuario, cuxo mantemento vén imposto pola necesidade de satisfacer o servizo público nos termos municipais en que, como consecuencia desta demarcación, queda suprimido o rexistro. Adóptase, así, a fórmula xa introducida no ámbito dos rexistros mercantís no artigo 16.4 do Regulamento do Rexistro Mercantil, mediante a reforma efectuada polo Real decreto 172/2007, do 9 de febreiro. A disposición derradeira primeira, que supón unha modificación do criterio de distribución de competencia entre rexistros en caso de predios localizados en dous distritos hipotecarios diferentes, o cal se xustifica no feito de se teren apreciado problemas derivados da cualificación respectiva de cada un dos rexistradores afectados, circunstancia que exixiu unha solución de carácter obxectivo; así como a disposición derradeira terceira, sobre a revisión da demarcación rexistral, destinada a garantir unha próxima elaboración por parte do Ministerio de Xustiza dos estudos necesarios para modificar a actual demarcación, atendendo aos factores que nela se concretan, e que, así mesmo, prevé a elaboración por parte da Dirección Xeral dos Rexistros e do Notariado dun informe anual sobre o funcionamento e a valoración por parte dos usuarios da rede rexistral e das súas oficinas.

Finalmente, os anexos conteñen a concreta aplicación dos criterios establecidos nos artigos 2, 3, 4 e 5 deste real decreto.

Polo que se refire á tramitación do presente real decreto, maniféstase que foi sometido ao trámite de audiencia e informe do Colexio de Rexistradores da Propiedade e Mercantís de España, dos daquela ministerios de Economía e Competitividade e de Facenda e Administracións Públicas, e que se contou coa participación das comunidades autónomas e se obtivo informe daquelas comunidades autónomas con competencia executiva en materia de demarcación.

Este real decreto respecta plenamente a distribución e asunción de competencias na materia por parte das comunidades autónomas, de modo que as previsións contidas nel son totalmente conformes coa doutrina elaborada ao respecto polo Tribunal Constitucional contida, en particular, na Sentenza 31/2010, do 28 de xuño. Por unha parte, o presente real decreto establece os criterios xerais de modificación da demarcación dentro do respecto e a salvagarda da competencia do Estado neste punto e, por outra, respecto das comunidades autónomas con competencia específica na materia, foron observadas e atendidas tanto as súas competencias sobre demarcación rexistral, caso da Comunidade Autónoma de Cataluña, como as competencias executivas sobre o establecemento de

demarcación rexistral que nesta materia ten asumidas a Comunidade Autónoma de Andalucía, como se concreta máis adiante.

Así, e no marco do respecto e a salvagarda da competencia do Estado na materia, polo que se refire á Comunidade Autónoma de Cataluña, atendeuse á súa competencia sobre demarcación rexistral, de conformidade coa atribución competencial prevista no artigo 147.1.c) da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña, interpretado de conformidade coa Sentenza do Tribunal Constitucional 31/2010, do 28 de xuño (FX 90). En consecuencia, e en exercicio das súas competencias de execución, prevense no real decreto as súas atribucións para a determinación concreta dos rexistros que se van reagrupar ou agrupar, de acordo cos criterios establecidos, así como, de ser o caso, a determinación dos rexistros que por razóns de organización territorial non se deban amortizar en casos excepcionais; tamén prevé o presente real decreto a realización das alteracións dos distritos hipotecarios de acordo co criterio xeral; a ampliación do número de prazas de rexistrador mercantil no seu ámbito territorial conforme os criterios estatais; o nomeamento de rexistradores accidentais nos casos determinados por este real decreto, así como a resolución de dúbidas do actuado por ela. Pola súa parte, en relación coa Comunidade Autónoma de Andalucía, atendeuse, así mesmo, á súa competencia na materia, de conformidade coa atribución competencial prevista no artigo 77.1.º da Lei orgánica 2/2007, do 19 de marzo, de reforma do Estatuto de autonomía para Andalucía, e, en consecuencia, inclúese no real decreto a modificación da demarcación rexistral completa no seu territorio; a dita comunidade autónoma prestou a súa expresa conformidade coa incorporación dos rexistros andaluces aos anexos do presente real decreto, ben que se adecuou a dita incorporación ás observacións contidas no ditame do Consello de Estado sobre o proxecto de real decreto.

De acordo co anterior, as previsións do real decreto son plenamente respectuosas coa máis recente xurisprudencia do Tribunal Constitucional na materia, en particular, co pronunciamento da Sentenza 31/2010, do 28 de xuño. Conforme ela, mediante o presente real decreto o Estado establece os criterios xerais de modificación da demarcación dos rexistros da propiedade, mercantís e de bens mobles, considerando a dita actuación como imprescindible para os efectos da coordinación xeral do sistema rexistral en todo o territorio do Estado, para asegurar unha ratio equilibrada de presenza rexistral en todo o territorio nacional e tendo en consideración a configuración do corpo de rexistradores da propiedade, mercantís e de bens mobles como corpo único nacional de funcionarios (STC 4/2014, do 16 de xaneiro, FX 4), resultando incuestionable que os rexistradores «unicamente se sitúan en relación de dependencia xerárquica co Estado, a través da Dirección Xeral dos Rexistros e do Notariado, órgano superior daqueles» (STC 4/2014, do 16 de xaneiro, FX 4). A demarcación prevista no real decreto pretende así garantir que a prestación do servizo público rexistral polo corpo de rexistradores da propiedade, mercantís e de bens mobles, de carácter único e configuración estatal, poida responder de maneira adecuada e eficiente á demanda xerada na sociedade polas persoas físicas e xurídicas afectadas co fin da súa plena seguridade xurídica preventiva.

Este real decreto dítase ao abeiro do disposto no artigo 149.1.8.ª da Constitución española, que lle atribúe ao Estado a competencia exclusiva sobre a ordenación dos rexistros e instrumentos públicos, polo que se refire aos rexistros da propiedade, e ao abeiro da competencia atribuída ao Estado polo artigo 149.1.6.ª da Constitución española sobre lexislación mercantil, en relación cos rexistros mercantís e de bens mobles.

Na súa virtude, por proposta do ministro de Xustiza, de acordo co Consello de Estado e logo de deliberación do Consello de Ministros na súa reunión do día 3 de marzo de 2017,

DISPOÑO:

#### Artigo 1. *Revisión da demarcación rexistral.*

De conformidade coa disposición derradeira terceira do Real decreto 172/2007, do 9 de febreiro, polo que se modifica a demarcación dos rexistros da propiedade, mercantís e de bens mobles, revísase a demarcación rexistral, quedando modificada a demarcación

dos rexistros da propiedade e determinado o número de rexistradores que deben quedar a cargo de cada rexistro mercantil nos termos que se establecen neste real decreto e nos anexos que se insiren a continuación. Así mesmo, segréganse os rexistros de bens mobles que se determinan no artigo 5.

*Artigo 2. Criterios de modificación da demarcación dos rexistros da propiedade.*

De conformidade co disposto no artigo 275 da Lei hipotecaria e no 482 do Regulamento hipotecario, modifícase a demarcación dos rexistros da propiedade de acordo cos seguintes criterios:

1.º Os rexistros da propiedade que, tendo sido establecidos en virtude do Real decreto 172/2007, do 9 de febreiro, conforme o disposto no terceiro parágrafo do artigo 490 do Regulamento hipotecario, non foron efectivamente creados ao non ter sido nunca desempeñados por ningún rexistrador titular, considéranse como non establecidos nin operativos e quedan integrados con carácter definitivo nos rexistros matrices dos cales procedían.

A determinación dos rexistros que se considerarán de acordo con este criterio contense no anexo I do presente real decreto. Corresponde á Comunidade Autónoma de Cataluña determinar os concretos rexistros da propiedade considerados como non establecidos nin operativos que quedan integrados con carácter definitivo nos rexistros matrices dos cales procedían na dita comunidade autónoma, en aplicación deste criterio, en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña.

2.º Os rexistros da propiedade establecidos en virtude do Real decreto 172/2007, do 9 de febreiro, que tendo sido efectivamente creados se encontran na actualidade vacantes, e que foron reagrupados provisionalmente mediante a Orde JUS/231/2013, do 13 de febreiro, de aprazamento da efectividade da demarcación en relación con determinados rexistros da propiedade creados polo Real decreto 172/2007, do 9 de febreiro, por teren quedado desertos no correspondente concurso ordinario e no posterior concurso de provisión de prazas entre aspirantes, quedan automaticamente reagrupados ao rexistro ou rexistros da propiedade dos cales procedían por segregación ou división antes da entrada en vigor do referido real decreto. Non obstante, se o rexistro a que se aplica este criterio ten a súa sede actual nunha localidade onde non existen máis rexistros da propiedade, procederá a súa agrupación con aquel co que se uniu plenamente, aínda que con carácter transitorio na correspondente orde de aprazamento da efectividade da demarcación anteriormente citada.

A determinación dos rexistros que se van reagrupar de acordo con este criterio e, de ser o caso, a forma de agrupación especial contéñense no anexo II do presente real decreto. Corresponde á Comunidade Autónoma de Cataluña determinar os rexistros concretos que se van reagrupar na dita comunidade autónoma en aplicación deste criterio, así como levar a cabo a súa reagrupación ou agrupación especial que, de ser o caso, xustifique, en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña.

3.º Os rexistros da propiedade cun volume de presentación de menos de 1.000 documentos ao ano segundo a media anual dos documentos presentados no período 2009 a 2015, actualmente en situación de interinidade por ter resultado vacantes en, polo menos, dous concursos consecutivos, agrúpanse cos rexistros matrices dos cales procedan, ou cos segregados procedentes deles, ou con aquel ou aqueles que historicamente estivesen agrupados, ou con aquel ou aqueles que territorialmente se encontren vinculados, sendo lindeiros os respectivos distritos hipotecarios, e tivesen o menor volume de presentación ou con aquel que por razóns de servizo público así se determine.

Os rexistros da propiedade agrupados conforme este criterio serán desempeñados por un único rexistrador, funcionando como un único rexistro da propiedade para todos os efectos legais.

A determinación dos rexistros que se van agrupar de acordo con este criterio e a forma da agrupación realízase no anexo III. Corresponde á Comunidade Autónoma de Cataluña determinar os concretos rexistros que se van agrupar na dita comunidade autónoma en aplicación deste criterio, a forma en que a dita agrupación se realice, así como a oficina que teña a condición de principal, en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña.

4.º Exceptúanse da aplicación dos criterios anteriormente establecidos os rexistros da propiedade en que concorran as circunstancias descritas neles, e que por razóns de organización territorial non se deban amortizar na Comunidade Autónoma de Cataluña, segundo determine esta en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña. A determinación por parte da Comunidade Autónoma de Cataluña dos rexistros da propiedade exceptuados da aplicación dos criterios referidos e, polo tanto, subsistentes, terá carácter excepcional e deberá ser motivada.

*Artigo 3. Alteración de circunscricións territoriais, en aplicación do principio de organización territorial autonómica, provincial e municipal.*

Con carácter especial, modifícanse os distritos hipotecarios de determinados rexistros da propiedade, ben mediante a súa alteración por segregación e posterior agrupación de parte do seu distrito a outros lindeiros, ben mediante a súa segregación definitiva na forma contida no anexo IV.

Corresponde á Comunidade Autónoma de Cataluña, en aplicación do principio de organización territorial autonómica e en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña, levar a cabo as alteracións previstas neste artigo.

*Artigo 4. Determinación do número de rexistradores que deberán estar a cargo dos rexistros mercantís e de bens mobles.*

A partir da actual capitalidade e circunscrición dos rexistros mercantís e de bens mobles, o número de rexistradores que estarán a cargo de cada rexistro mercantil e de bens mobles determínase de acordo coas seguintes regras:

1.ª Cada rexistro mercantil e de bens mobles debe ser desempeñado en réxime de división persoal polo número de rexistradores que determine o resultado de dividir a media do total de documentos xestionados no rexistro mercantil e de bens mobles que se considere nos anos 2011 a 2015 entre 22.500. Para a obtención do resultado, débense considerar só os números enteiros, despregándose os decimais da cifra resultante.

2.ª Se o resultado obtido da división a que se refire a regra primeira deste artigo sinala un número de rexistradores mercantís inferior ao que actualmente se encontra determinado realizaranse as reagrupacións necesarias para alcanzar o volume de carga fixado como referencia, ben con outra praza do rexistro mercantil da mesma capitalidade, se a houber, ou ben, na súa falta, e se actualmente non o estiver xa, con outro rexistro da propiedade da mesma capitalidade en que se practiquen, de media nos últimos catro anos, menos de 4.000 asentos de presentación.

Como consecuencia do disposto nas regras precedentes, ampliáanse as prazas de rexistrador que se detallan no anexo V e reagruparanse os rexistros sinalados no anexo VI. Para os rexistros mercantís respecto dos cales actualmente non se pode determinar, conforme as regras precedentes, o Rexistro da Propiedade con que deben ser reagrupados, por existir máis dun na mesma capital sen que ningún deles sexa incongruo actualmente conforme o disposto no criterio 3º do artigo 2 do presente real decreto,

habilitase o ministro de Xustiza para que, no prazo dun ano, mediante o oportuno expediente, os fixe, así como o momento da súa execución.

Exceptúase da regra anterior e non se procederá á agrupación dos rexistros mercantís que, estando localizados en capital de comunidade autónoma, fosen creados polo Real decreto 172/2007, do 9 de febreiro, e non se encontren nalgunha das situacións a que refiren os criterios 1.º e 2.º do artigo 2.

Corresponde á Comunidade Autónoma de Cataluña ampliar as prazas de rexistrador nos rexistros mercantís do seu ámbito territorial de acordo cos criterios sinalados neste artigo, en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña.

As comunidades autónomas con competencias executivas en materia de demarcación deberán revisar, no prazo dun ano desde a entrada en vigor do presente real decreto, o número de prazas que deberán estar a cargo dos rexistros mercantís e de bens mobles do seu ámbito territorial segundo o establecido no presente artigo e, de ser o caso, ampliar as prazas de rexistrador ou reagrupalas, para o cal o Ministerio de Xustiza, a través da Dirección Xeral dos Rexistros e do Notariado, trasladará no mes seguinte á publicación no *Boletín Oficial del Estado* do presente real decreto a información pertinente que resulta do expediente tramitado para a presente demarcación.

#### Artigo 5. *Modificación da demarcación dos rexistros de bens mobles.*

Unha vez determinado o número de rexistradores a cargo dos rexistros mercantís e de bens mobles conforme o disposto no artigo anterior, segregáanse dos rexistros mercantís e terán consideración de independentes os rexistros de bens mobles en que a media do total de documentos xestionados correspondentes a estes rexistros durante os anos 2011 a 2015 excede os 30.000.

Os rexistros de bens mobles segregados deben estar a cargo do número de rexistradores que resulte de dividir a media a que se refire o parágrafo anterior entre 30.000, desprezándose os decimais da cifra resultante.

A determinación dos rexistros afectados polo presente artigo é a contida no anexo VII.

Corresponde á Comunidade Autónoma de Cataluña a determinación dos rexistros afectados por este artigo no seu ámbito territorial e concretar os rexistros que se van agrupar na dita comunidade autónoma, en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña.

#### Artigo 6. *Apertura de novo libro diario de operacións.*

Os rexistros da propiedade a que se refire o criterio 2.º do artigo 2 procederán, na mesma data en que sexa efectiva a reagrupación ou agrupación especial, de ser o caso, ao peche de todos os libros diarios dos rexistros integrados ou agrupados, mediante dilixencia asinada polo rexistrador competente, e á inmediata apertura dun libro diario único para o rexistro reagrupado ou agrupado especialmente. No caso de que xa se procedese ao peche dos correspondentes diarios con carácter provisional, considerarase este peche como definitivo.

Os rexistros da propiedade a que se refire o criterio 3.º do artigo 2 procederán, na mesma data en que sexa efectiva a agrupación, ao peche de todos os libros diarios dos rexistros agrupados, mediante dilixencia asinada polo rexistrador competente, e á inmediata apertura dun libro diario único para o novo rexistro agrupado que se levará no que resulte como oficina principal.

Disposición adicional primeira. *Oficinas rexistrals de atención ao usuario.*

Nas localidades correspondentes á capitalidade de rexistros que en virtude dos criterios 2.º e 3.º do artigo 2 deste real decreto queden agrupados con rexistros situados en diferente localidade, manteranse abertas ao público as oficinas xa creadas, nas cales,

de ser o caso, se seguirán desenvolvendo as funcións correspondentes á xestión da oficina liquidadora ou outras complementarias que tiveren atribuídas. Exceptúase o caso en que na mesma localidade do rexistro que se vai reagrupar ou agrupar, de ser o caso, subsista outro rexistro non amortizado por este real decreto.

Nestas oficinas os usuarios poderán efectuar presentacións e retiradas de toda clase de documentos, así como solicitar e obter publicidade formal e todas as demais operacións propias das oficinas principais do Rexistro da Propiedade coas cales foron agrupadas, coas que estarán telematicamente conectadas.

Os gastos necesarios para o funcionamento e conservación destas oficinas serán custeados polos rexistradores a cargo dos cales se encontren os rexistros agrupados conforme o disposto no artigo 294 da Lei hipotecaria, sen prexuízo do réxime de congruas establecido nos estatutos do Colexio de Rexistradores da Propiedade e Mercantís de España aprobados mediante o Real decreto 483/1997, do 14 de abril.

Disposición adicional segunda. *Nomeamento de rexistradores accidentais.*

Cando, por razón do servizo profesional, se deren circunstancias extraordinarias en determinados rexistros, en relación co despacho de documentos que motiven un atraso reiterado na prestación do servizo rexistral debido ao crecemento acelerado e anormal do número de asentos de presentación, sempre que se fundamente a previsión de que tal situación se pode prolongar polo menos un ano, ou cando así o solicite o rexistrador por outra xusta causa, a Dirección Xeral dos Rexistros e do Notariado ou a Administración autonómica competente nomeará un ou máis rexistradores con carácter de accidentais polo prazo máximo dun ano.

Disposición adicional terceira. *Resolución de dúbidas.*

A Dirección Xeral dos Rexistros e do Notariado resolverá as dúbidas que xurdan da demarcación levada a efecto por este real decreto respecto aos límites físicos da execución práctica da modificación operada; a atribución a un rexistro determinado das adscricións, segregacións, cambios ou alteracións administrativas de termos municipais, ou calquera outro problema relativo á presente modificación da demarcación que os rexistradores afectados sometan a consulta.

Corresponde á Comunidade Autónoma de Cataluña resolver as dúbidas que se susciten como consecuencia da execución pola dita comunidade dos criterios establecidos no artigo 2, en exercicio das súas competencias executivas, en virtude do disposto no artigo 147.1 da Lei orgánica 6/2006, do 19 de xullo, de reforma do Estatuto de autonomía de Cataluña.

Disposición adicional cuarta. *Descrición topográfica e planimétrica dos distritos hipotecarios.*

O Colexio de Rexistradores da Propiedade e Mercantís de España formulará, no prazo de tres meses desde a entrada en vigor deste real decreto, o plano de descrición topográfica e planimétrica que defina, conforme o sistema de referencia xeodésico oficial, para a referenciación xeográfica e cartográfica, os límites dos distritos hipotecarios de todos os rexistros da propiedade, para a súa aprobación pola Dirección Xeral dos Rexistros e do Notariado.

Disposición transitoria primeira. *Rexistros de bens mobles.*

A segregación dos rexistros de bens mobles será unha segregación funcional que potencie a división do traballo e a especialización dos rexistradores. Como tal, non poderá dar lugar a un incremento dos custos operativos correspondentes á xestión dos rexistros, polo que se deberá preservar o uso común das infraestruturas físicas e tecnolóxicas do rexistro mercantil do cal se segregan.

Os rexistradores que actualmente se encontran a cargo dos rexistros mercantís e de bens mobles afectados polo disposto no artigo 5 elixirán por orde de antigüidade, de

acordo coas normas xerais, desempeñaren praza de rexistrador a cargo de rexistro mercantil ou de bens mobles, segundo os casos.

Se no rexistro mercantil e de bens mobles obxecto de elección se crean novas prazas de rexistrador conforme o establecido no artigo 4 e no anexo V deste real decreto, a elección efectuada comunicáraselle á Dirección Xeral dos Rexistros e do Notariado no prazo de quince días contados desde a entrada en vigor do presente real decreto. No caso de que non fosen creadas novas prazas de rexistrador no rexistro mercantil e de bens mobles referido, salvo acordo unánime de todos os rexistradores afectados, o dereito de elección exercerase no prazo de quince días contados desde o momento en que quede vacante, por calquera causa, a primeira praza de rexistrador que actualmente se encontra determinada para o desempeño do rexistro mercantil e de bens mobles de que se trate, e ata esta data quedará aprazada a efectividade da segregación do rexistro de bens mobles establecida no artigo 5 e no anexo VII deste real decreto.

A praza ou prazas de rexistro mercantil ou de rexistro de bens mobles que non fosen elixidas por ningún dos rexistradores afectados, conforme o establecido nos parágrafos anteriores, incluíranse para a súa provisión no concurso ordinario inmediato posterior a aquel en que se efectúe a elección.

Respecto dos rexistros mercantís e de bens mobles en que, conforme o establecido no artigo 4 e no anexo V deste real decreto, se crean máis de catro prazas de rexistrador, as novas prazas de rexistrador a cargo de rexistro de bens mobles proveranse conforme o disposto nos parágrafos anteriores. Non obstante, as novas prazas de rexistrador a cargo exclusivamente de rexistro mercantil non se incluírán para a súa provisión ata o primeiro concurso ordinario que se celebre inmediatamente despois de transcorrido un ano desde a entrada en vigor deste real decreto.

#### Disposición transitoria segunda. *Concursos.*

Desde a entrada en vigor deste real decreto, os rexistradores afectados por ser o rexistro da propiedade que desempeñan obxecto da presente demarcación, ou determinarse un número de prazas de rexistradores que deberán estar a cargo do rexistro mercantil e de bens mobles que en particular están desempeñando superior ao actual, poderán tomar parte en concursos de provisión de vacantes, aínda que non transcorrese o prazo dun ano a que se refire o artigo 497 do Regulamento hipotecario. Entenderase o mesmo respecto dos rexistradores que están actualmente a cargo de rexistros mercantís e de bens mobles en relación cos cales se procedese a segregación do rexistro de bens mobles conforme o establecido no presente real decreto, aínda que non fosen creadas previamente novas prazas para eles.

#### Disposición transitoria terceira. *Amortización de prazas.*

Nos supostos de agrupación de dous ou máis rexistros da propiedade nun só a que se refiren os anexos II e III, a agrupación efectiva producirase no prazo de tres meses desde a entrada en vigor do presente real decreto. En caso de que ningún dos rexistros da propiedade agrupados se encontre desempeñado por un rexistrador titular, o rexistro da propiedade resultante da agrupación incluírase na convocatoria do próximo concurso ordinario de provisión de rexistros e a agrupación terá lugar no momento en que o dito rexistro da propiedade agrupado sexa ocupado por un rexistrador titular.

No momento en que se faga efectiva a agrupación, entenderase que o rexistrador interino que desempeñe o rexistro agrupado que non constituía oficina principal cesa de modo automático na súa condición de tal.

As agrupacións de rexistros mercantís a que refire a regra 2.<sup>a</sup> do artigo 4 non poderán implicar traslado forzoso de rexistradores, de modo que a súa efectividade queda posposta ao momento en que quede vacante, por calquera causa, a primeira praza de rexistrador dos afectados polas ditas agrupacións.

Disposición transitoria cuarta. *Traslado de predios.*

Con relación aos predios que, estando radicados en territorio correspondente a dous ou máis rexistros, concellos ou seccións, se encontren inscritos en máis dun rexistro, concello ou sección no momento da entrada en vigor deste real decreto, procederáse na forma determinada no artigo 3.º do Regulamento hipotecario.

Para tal efecto, entenderáse solicitado o traslado coa práctica do asento de presentación do título que conteña os ditos predios en calquera dos rexistros en que se encontren inscritos.

Os conflitos que, como consecuencia do traslado a que se refire esta disposición transitoria, poidan xurdir por unha eventual falta de coincidencia nos historiais rexistrais dos predios inscritos en varios rexistros resolveranse segundo as normas previstas para a emenda de dobre ou múltiple inmatriculación.

Disposición derogatoria única. *Derogación normativa.*

Quedan derogadas a disposición adicional primeira do Regulamento do Rexistro Mercantil, aprobado mediante o Real decreto 1784/1996, do 19 de xullo; a Orde JUS/3132/2007, do 23 de outubro, pola que se ditan normas para a interpretación e execución do Real decreto 172/2007, do 9 de febreiro, polo que se modifica a demarcación dos rexistros da propiedade, mercantís e de bens mobles; a Orde JUS/231/2013, do 13 de febreiro, de aprazamento da efectividade da demarcación en relación con determinados rexistros da propiedade creados polo Real decreto 172/2007, do 9 de febreiro, polo que se modifica a demarcación dos rexistros da propiedade, mercantís e de bens mobles, así como cantas disposicións do mesmo ou inferior rango se opoñan ao establecido neste real decreto.

Disposición derradeira primeira. *Modificación do Regulamento hipotecario, aprobado polo Decreto do 14 de febreiro de 1947.*

O artigo 2.º do Regulamento hipotecario, aprobado polo Decreto do 14 de febreiro de 1947, queda redactado do seguinte modo:

«1. Conforme o disposto no parágrafo segundo do artigo primeiro da lei, as inscricións ou anotacións faranse no rexistro en cuxa circunscrición territorial radiquen os inmobles.

Se algún predio radica en territorio pertencente a dous ou máis rexistros, será integramente competente aquel en cuxa circunscrición se localice a maior parte do predio.

2. Calquera alteración da demarcación rexistral deberá ir acompañada da delimitación xeográfica xeorreferenciada dos distritos rexistrais resultantes.»

Disposición derradeira segunda. *Habilitación para o desenvolvemento regulamentario.*

Habilítase o ministro de Xustiza para ditar as normas complementarias que sexan necesarias para interpretar e aplicar este real decreto e, en especial, o relativo ao réxime transitorio.

Disposición derradeira terceira. *Revisión da demarcación rexistral.*

1. O Ministerio de Xustiza, a través da Dirección Xeral dos Rexistros e do Notariado, elaborará, no prazo de tres anos a partir da entrada en vigor deste real decreto, os estudos necesarios para modificar a demarcación rexistral, nos supostos e nas condicións previstos no artigo 275 da Lei hipotecaria.

Para contribuír a un mellor deseño da demarcación rexistral, os anteriores estudos deberán necesariamente prever as expectativas de evolución da actividade económica e demais variables que inciden na demanda do servizo rexistral. Para iso recorreráse,

sempre que sexa posible, a fontes de información oficiais e, cando non o for, a outras fontes cuxo uso deberá ser debidamente motivado.

Adicionalmente, no deseño da nova demarcación rexistral empregaranse factores que valoren a eficiencia e calidade con que se presta o servizo rexistral. Para iso, a Dirección Xeral dos Rexistros e do Notariado elaborará e publicará, polo menos con carácter anual, na súa páxina web e na do Colexio de Rexistradores da Propiedade e Mercantís de España, información relativa aos seguintes parámetros: estatísticas sobre os tempos de resposta de cada rexistro; estatísticas sobre dotación de persoal de cada rexistro; estatísticas sobre a dotación en medios técnicos, con especial referencia aos medios tecnolóxicos de cada rexistro; estatísticas sobre o grao de utilización dos medios tecnolóxicos e telemáticos. Esta información elaborárase para o conxunto da rede rexistral e para cada un dos rexistros individualmente considerados e presentárase nun formato que facilite a explotación de datos por terceiros.

Igualmente, a Dirección Xeral dos Rexistros e do Notariado elaborará un informe anual que dea conta do funcionamento e da valoración por parte dos usuarios da rede rexistral e das súas oficinas. Para iso, explotará entre outros instrumentos a información que obteña dos instrumentos empregados para a inspección dos rexistros, en concreto os partes anuais previstos no artigo 269 da Lei hipotecaria e as certificacións a que se refire o artigo 270 da mesma lei. Estes informes acompañarán a proposta de nova demarcación rexistral que se elabore no prazo previsto por esta disposición derradeira.

2. A Dirección Xeral dos Rexistros e do Notariado solicitará dos rexistros da propiedade, mercantís e de bens mobles as estatísticas e enquisas precisas para os efectos da confección no prazo indicado dos estudos a que se refire o punto precedente.

Disposición derradeira cuarta. *Non incremento do gasto público.*

A entrada en vigor deste real decreto non producirá incremento do número de efectivos, nin das retribucións, nin doutros gastos de persoal con impacto orzamentario en ningunha Administración pública.

Disposición derradeira quinta. *Título competencial.*

Este real decreto dítase ao abeiro do disposto no artigo 149.1.8.<sup>a</sup> da Constitución española, que lle atribúe ao Estado a competencia exclusiva sobre a ordenación dos rexistros e instrumentos públicos. Exceptúase o relativo ao Rexistro Mercantil e ao Rexistro de Bens Mobles, que se ampara na competencia atribuída ao Estado polo artigo 149.1.6.<sup>a</sup> da Constitución española sobre lexislación mercantil.

Disposición derradeira sexta. *Entrada en vigor.*

Este real decreto entrará en vigor o día seguinte ao da súa publicación no «Boletín Oficial del Estado».

Dado en Madrid o 3 de marzo de 2017.

FELIPE R.

O ministro de Xustiza,  
RAFAEL CATALÁ POLO
